**International Trade Fair for
Machine Tools, Manufacturing
and Automation**

The First Metalworking Industry Event of the Year

Intec is one of the leading international trade fairs for metalworking and a powerful platform for both market leaders and innovative small and medium-sized businesses specialised in machine tools, processing automation, precision tools and robotics.

In a strong market that includes industrial processing, mechanical engineering and plant construction as well as the automotive industry and prestigious research institutes, the 2025 edition of Intec is expected to once again be a significant industry gathering.

Two other trade fairs will take place at the same time as Intec: Z – International Subcontracting Fair for Parts, Components, Modules and Technologies and GrindTec – International Trade Fair for Tool Grinding and Tool Machining. Intec, Z and GrindTec form an unparalleled trio of trade fairs covering the entire value chain of the metalworking industry.
